

# CENSUS 2021

Information about  
the law concerning the execution of Census 2021

## GENERAL INFORMATION

1. The **EU regulation 763/2008** obliges the member states to collect results about the population.
2. The base is a defined **catalog of characteristics (Page 3)**.
3. In **2021** in germany a **census** will take place.
4. This survey determines how many people live in Germany and how they live.
5. Data from **administrative registers** are primarily used for this.
6. On **03.12.2019** the law **ZensG 2021** was published.
7. The census law specifies the survey characteristics for the **counting of buildings and apartments** and also the measures to garant the **General Data Protection Regulation**.
8. The data are only evaluated **anonymously**.
9. The **tenants** must be informed about the **accumulation of the data**.
10. A **control register** forms the foundation for the implementation and evaluation of the census in 2021.  
  
This includes:
  - ▶ All **addresses** in Germany where accommodations exist
  - ▶ Information about the **owners**
  - ▶ Addresses where **dormitories** and **shared accommodation** exist including information about their providers
11. Reporting date is the **16.05.2021**.
12. The **owner is responsible** for providing the information for the census.

## CHARACTERISTICS THAT WILL BE INCLUDED IN THE SURVEY

### A. For buildings with accommodation and shared accommodation

Postcode	Construction year
Building type	Count of flats
Energy source & heating system	Ownership

### B. For flats

Type of usage	Size of the flat
Reasons for vacancy rate	Vacancy duration
Count of rooms	Net rent (excluding heating)

## Could we offer you our support?

For the census 2021 we can transfer all necessary data that exists in our archive if the owner explicitly instructs us to do.

### The following steps are necessary for us to implement the census for you:

- Corresponding seminar
- Software module for data transmission
- Collection of the data from paper files
- Correspondence with tenants and with the owner
- Update and transmission of the object list

- GDPR – Information for tenants
- GDPR – Erasure of data
